

## STEUART PITTMAN, JR.

Stuart's instruction has come from a variety of trainers including Bruce Davidson, to whom he goes regularly

with his stallion Salute The Truth, Jim Wofford, Gunnar Ostergaard, Hans Jurgen, Stuart Black, Becky Langwest, and most recently Linda Zang for dressage. He credits most of what he knows to the horses that he has worked with. He believes that all of us learn mostly from our horses, and in his teaching he attempts to speak from the viewpoint of the horse. The other major influence on Stuart's riding has been 20 years of daily practice in Tai Chi, an ancient Chinese practice of meditative movements designed to open up the free flow of energy through the body. Stuart often describes the interaction between horse and rider in terms of energy and encourages riders to think and feel in these terms.

## Freeze Branding Clinic

Since ReRun's birth in 1996 its founders and all involved have a similar passion and goal. *To keep our horse safe and out of harm's way.* In finding more adoptive homes and helping more and more horses each year. The task of "Big Brother Watching" has become a huge undertaking. Imagine trying to watch 600 children. In response to taking our commitment to these horses seriously ReRun has decided to freeze brand all horses prior to leaving for their new homes. This gives us an additional safety net. We will begin freeze branding our herd starting May 13th. We invite you to watch the process, ask questions as to how you can do this, protect your own horse should you choose. For farm locations, dates and times, please refer to our website.

## RETRAINING THE RACEHORSE

CALIFORNIA-BRED EX-RACEHORSE, HURRICANE HANNAH WITH 17-YEAR OLD STEUART IN 1979.

Steuart began riding as a child in the hunt field, in pony races, and at local shows. He was introduced to eventing

through Pony Club and learned the fundamentals of dressage as a teenager from his inspiration and mentor, Ellen Shepherd. In high school Steuart evented through Preliminary on his Thoroughbred mare, Hurricane Hannah. After a ten-year absence from horses, Steuart returned full force in 1990. Since then he has derived most of his income from training and selling horses for eventing, dressage, and jumpers. Steuart can be seen each year with a new crop of horses who usually compete to the preliminary level and are sold. Some he has shown in the preliminary jumper circuit, and one he has shown fourth level dressage. In Salute The Truth, Steuart finally has a horse that is not for sale and has competed up to the Advanced level.
